Print & Play Directions

Thanks for downloading our Print & Play PDF!
We hope you have a lot of fun creating your own homemade Anomia decks. We always love seeing your ideas, so please share some photos on social media and don't forget to tag us **@AnomiaPress** and use the hashtag **#AnomiaPrint&Play**.

DIRECTIONS

1. Figure out how many category cards you want to make. There are 8 category cards per page. For the example below we'll make 64 Category Cards and 8 Wild Cards. At the end, we'll have a 72-card Anomia deck.
2. Print nine (9) copies of the Card Back sheet (page 3, below). We suggest printing on 80lb card stock at your local print shop (Staples, FedEx, etc.).
3. Flip over the card stock and on the blank sides print eight (8) copies of Category Card Faces (page 4, below).
4. On the remaining 9th sheet, print one copy of the Wild Cards (page 5, below).
5. Make a list of all your card ideas.
6. Edit your ideas so the text is singular and descriptive. For example, use "Type of Puzzle" instead of "Puzzles". Or use "Pizza Topping" instead of "Types of Pizza Toppings," etc. That's our style, anyway. Obviously, you are free to do whatever you want. Bottom line: try to be as clear and concise as possible.
7. Grab a permanent marker and start writing out your categories on the card faces. Invite your friends to help! See the image below for the proper way to orient the text on your cards.
